

Baraboo Area Junior Golf Program

Our program is a dynamic combination of instruction, games, etiquette, rules, fitness and on course play designed to create a fun introduction to the great game of golf. By combining our staff and facilities we can provide an ideal environment for teaching, learning, and development.

This year's program will be more game oriented to minimize the need for contact. Certain skills, however, cannot be taught effectively without physical contact between student and teacher. If you are uncomfortable with this, please refrain from participating this season.

Enrollment is limited to the first 48 paid registrants.
